

ABOUT

ISABELLA MORENO

Hi everyone, I am Isabella Moreno! I am a junior Environmental Science major, and I am minoring in Spanish and Hispanic Studies. I was born in Maryland, then lived in Texas, Japan, and Alabama. I enjoy traveling, spending time with my dog, Lenny, and making jewelry. I am involved in the Environmental Club, Geological Society, and I am part of Leaders for Life. In the future, I would like to work in conservation ecology because I love working in a lab and out in the field. I'm so excited to get to know new students as the Environmental Science peer mentor!
