

ABOUT

Emma Vi Maxwell

Hello! My name is Emma Vi Maxwell, and I am a Junior from Tahlequah, OK. I am an Earth System Science Major with an Energy Business Minor. Outside of Peer Mentoring, I am the Secretary for the Energy Club, President of the Geological Society, and member of the Phi Mu Epsilon Iota chapter. Outside of Campus Activities you can find me at a yoga class, needlepointing, volunteering at Animal Hope, or enjoying a movie with friends.

I cannot wait to get to know and support all of the Geology & Earth System Science students. I am looking forward to another amazing year as a Geology Peer Mentor!

MAJOR
Geology
