

ABOUT

Katie Robb

Hi! I'm Katie Robb, and I'm from Richardson, Texas. I'm a senior pursuing double degrees in Neuroscience and Spanish & Hispanic Studies on the Pre-Med track. I'm the founder and co-president of the service club Frogs Aiding Immigrants and Refugees (FAIR), and I'm also involved in the John V. Roach Honors College, research in the Neurobiology of Aging Lab, and I'm one of the Catholic representatives for the Religious Advisory Council. If you're interested in studying abroad, I'd love to chat - I've studied abroad through TCU twice, for a Maymester in Florence and Rome, and for a full semester in Seville, Spain.

Outside of class, you can find me playing in intramurals games, enjoying the great outdoors, playing piano, watching movies (and then watching the analysis on CinemaTherapy!), and enjoying good food with my friends. I cannot wait to meet y'all, and please don't hesitate to reach out with any questions or concerns (or even just to say hi!). I'm here to support you however I can!
