

ABOUT

# WILL CAMPA

Hello! My name is Will Campa, and I am a Biochemistry Major and Cultural Awareness in Healthcare minor on the pre-med track from Cincinnati, Ohio.

Along with being a peer mentor, I am involved on campus in the Men's Club Soccer program, work as a TA, and do Alzheimer's research in Dr. Green's lab. Off campus, I run a nonprofit with several of my friends called The Kaizen Project. Outside of school, I enjoy exercising, reading, and following Cincinnati sports! I am so excited to be a CSE Peer Mentor this year and I can't wait to help you succeed and answer any questions you may have.
