

ABOUT

BELLA NINO

Hello everyone! My name is Bella Niño and I am a Geology major with a minor in Sustainability and Energy from San Antonio. At TCU I am a member of the John V. Roach Honors College where I am beginning my upper-division Geology research, was a John V. Roach Honors College Mentor, was a TCU Sustainability Committee Intern, and a member of the TCU Geological Society, TCU Trio SSS Programs, TCU Energy Club, and the Alpha Chi Omega chapter. In my free time, I love to spend time with friends, go to the REC to work out, read a good book, and try new restaurants around Fort Worth! I am so beyond excited to be a peer mentor this year and I cannot wait to get to know all of the amazing Geology and Earth Science students! I'd love to answer any questions, so feel free to stop by any time I am always here to help.
