

ABOUT

FABIANA PULIDO

Hi everyone! My name is Fabiana Pulido, and I am a junior Neuroscience major and Nutrition minor on the Pre-Med track, with the goal of attending medical school to become an OBGYN. I'm from Sammamish, WA but I'm convinced I was meant to live in Texas. Here at TCU, I'm a member of Kappa Alpha Theta sorority, Bingo in the Park, and One Love Club. I am also a research assistant in Dr. Chumley and Dr. Boehm's Neurobiology of Aging Research Lab, and a Chancellor's Scholar Peer Mentor. When I'm not at the library (which is a lot of the time so please come hang out with me!!), I am either at Corepower or taking a cycle class, on a walk with my friends, reading, or watching a rom-com movie with the girls. Please don't hesitate to come see me if you have questions about any of the things I am involved in or if you're ever in need for a pep talk or a little extra encouragement. We're in this together!!
