Instructions: Fill in credit hours* and grade earned** for each class*** taken at ANY college/university.

Leave the credit hours and grade earned columns blank if you have not completed the course.

For AP Credit from High School, do not enter a grade.

All 30000, 40000, 50000 & 60000 must be taken at TCU. Do not enter a grade if taken elsewhere.

Your NTDT and Associated Requirements GPA will automatically be calculated for you.

*At TCU, the credit hours earned can be found by looking at the last digit of the course number. For example, NTDT 30144 is worth 4 credits. Refer to your transcripts at other institutions to determine credit hours.

***If you took a class more than once at TCU, include only the most recent grade you earned. If you took a class more than once, but at different institutions, include both grades.
