***RSVP (817)257-7145 ranching@tcu.edu www.ranch.tcu.edu***

*TCU Ranch Management is uniquely designed to train students to meet the challenges of agricultural resource management. In the rapidly expanding job market for agricultural resource managers there are opportunities in many areas including commodity investment, agricultural marketing, international trade, as well as ranch management. Our goal at Ranch Management is to prepare individuals to help shape the future of agricultural asset management.*

*The faculty at the Ranch Management is dedicated to teaching the principles of managing soils, water, plants, animals, marketing, finance, and people as they relate to the agricultural resources. The curriculum is designed to teach agricultural resource management by combining academics and practical experience. Our faculty strives daily to prepare individuals for a lifetime of productive and rewarding work. Ranch Management is challenging and requires dedication, hard work, careful study, and pride in one's profession.*
